

S. S. "Coreya"

N^o 1686 R. Book

Visited Lowestoft, + interviewed Mr. Appashett
Lloyds Agent, regarding this vessel, it is intended
to tow her to Falmouth, + there put in
dry dock for examination, as far as can
be seen afloat, the vessel has sustained very
little damage. - parts of the Engines have
been removed to lighten the vessel.

I am given to understand that
the vessel has been purchased by a
Mr. Cunliffe, who intends to alter into
a yacht, under our survey - due notice will
be given
