Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

6th September, 1946.

Dear Sir,

With reference to Glasgow Report No.70775 on British Polar Engines Ltd., Engine No.618, I have to acquaint you that this engine has been satisfactorily fitted at Hull in the Motor Tug "FOSSA", which vessel has today been classed "M100A- For Towing Services on the River Thames" together with notation of LMC 7,46, the main engines not to be run continuously between 102 and 150 R.P.M.

Yours faithfully,

Clerk to the
Classification Committee.

The Secretary,

GLASGOW.
