Received from Chief Engineer Surveyor.....

VESSEL'S NAME "KAIKORAI" REPORT Ddn. No. 3781.

Remarks of the Chief Engineer Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement"—Extract from Sub-Committee's Report, 24/5/92.)

Remarks of Surveyor

~~REPAIRS TO ENGINE AND BOILER DUE TO DAMAGE THROUGH~~

The class is subject to the after end of the screw shaft being specially examined at the next drydocking and the propeller refitted to the shaft at the first convenient opportunity.

A Special Survey due 3,47 has now been partly held. Certain repairs have now been effected but considerable repairs are required to the engines and boilers.

The Survey has been stopped pending the decision of the Owners as to the future of the vessel.

IT IS SUBMITTED action be deferred.
