

-7 JUL 1925

"METEOR" (Motor Tanker)
Odero Sestri N°321
=====

Free translation of a letter dated 10th April 1925, received from the Owners Messrs "La Columbia" regarding their approval of the crank shafts of the auxiliary motors.

(NOTE;- These crank shafts are smaller than the Rule Requirements)

TRANSLATION
=====

As we have already advised you we now confirm our approval given to Messrs Odero regarding the crank shafts of the 2 motor-compressor sets fitted on the motor vessel "Meteor" the dimensions of these shafts being sufficient for the requirements of the Italian Royal Navy, ~~and the~~

At the same time we add a list of spare parts etc.etc.
(retained in the Genoa Office)
