LLOYD'S REGISTER

LONDON

Reference: F.

Dear Sir,

I have been informed by the Department of Waterways who held the annual freeboard survey on the steamer "MINNA" that the figures for ordinary freeboards shown on the freeboard marks <sup>in the certificate</sup> (are the same as for the timber freeboard. This appearingly must be a mistake made while writing out the certificate. As the certificate remains in force for about 11 months the Department of Waterways suggest a new certificate should be supplied to the vessel with correct figures.

In the circumstances I shall be glad if you will kindly send me a new certificate for transmitting to the Owners. I assume that no charge can be made for this.

I am, Dear Sir,

Yours faithfully,

*P. Gerretz*
