No. 117303

NOV 19 1948

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

(The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement.—Extract from Sub-Committee's Report, 24/5/92.)

A Periodical Special Survey became due 2.48.

A letter dated 27.10.48 from the Owners of this dredger has been forwarded by the BRISBANE Surveyor, from which it is noted that the class of this ship is no longer desirable, the requirements of the Department of Harbours and Marine, Queensland, being sufficient for their purpose.

Since the Special Survey of this ship is overdue, IT IS SUBMITTED her class be expunged from the Register Book, and a red line inserted in lieu, indicating non compliance with the Society's Rules as regards surveys.

Expunge Class.
