To the Surveyor at WELLINGTON.

Name, Hopper Dredger "KAIONE".

QUESTION.

ANSWER.

Date:— 5th December, 1935

With reference to the classing  
addressed to you on the 19th  
st, I shall be glad to learn  
this vessel is still laid up.

This vessel is still laid  
up moored to the wharf at Castlecliff  
in front of the Harbourmaster's Office  
and it is well looked after every-  
where by the Harbourmaster's staff  
and the Harbour Board's Chief Mechanical  
Engineer.

However, the underwater  
portions obviously are neglected. In  
my private capacity I frequently act  
as the engineer adviser to the Owners,  
the Wanganui Harbour Board, who have  
not had an engineer for a number of  
years. I told the Managing Secretary,  
some months ago, that he should bring  
the "Kaione" down to this port and  
drydock her for bottom cleaning and  
painting and he promised to ask his  
Board to do it next year. She has  
been in the market for sale or charter  
for several years.
