14th December, 1938.

Dear Sir,

E. I am sending to you under separate cover sample rivets taken from the forward boiler of the steamer "MURITAI", and shall be glad if you will be good enough to carry out a metallurgical investigation of the same.

I should add that in September, 1938, 143 rivets in a circumferential shell seam and 16 in the longitudinal joints were renewed on account of broken or cracked points.

I am, Dear Sir,

Yours faithfully,

Secretary.

L. Ripley, Esq.,

MIDDLESBROUGH.
