19th October, 1938.

Dear Sir,

S. With reference to the case of the steamer "MURITAI" I may say that the Committee have today had before them your report No.2535 and it is understood that since forwarding this report you have received a communication from Mr. A. J. McCowan, conveying the Committee's decision of the 2nd ultimo that the vessel's class has been continued subject to the forward boiler not being used again until repaired.

In the circumstances they have deferred further consideration of the case pending the receipt of a report on the condition of the plating in way of the rivet holes of the forward boiler.

I am, Dear Sir,

Yours faithfully,

Clerk to the
Classification Committee.

G. D. Lidgett, Esq.,
WELLINGTON.
