RECD 15 JAN 1920

ANS 20

Bank Chambers,

2, Freeman Street,

Grimsby, January 14th 1920

Dear Sir

In reply to your letter of the 12th instant regarding the Steam Trawler "VESPER" we have to say the Superintendent states that owing to the congested state of these docks & his inability to obtain the necessary labour & also to several of his other ships being laid up for repairs he is desirous of deferring the completion of the survey until the annual refit of vessel about May or June.

We are Dear Sir

Yours faithfully

The Surveyors
