NAME *St. ss. Vesper*

Received from Chief Surveyors
Report *Cons.* No. 10870

For the CHIEF SHIP SURVEYOR and CHIEF ENGINEER SURVEYOR

cases which have to be submitted to the Classing Committee "the endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case so that the Classing Committee may have all the salient points presented in the endorsement." - *Extract from Sub-Committee's Report 24/5/32.*

No. *3* SURVEY PARTLY HELD.

7.18 When proposed to be completed

Why held, &c.,

The Special Survey No 3 due 7.18 has been part held & to complete same dry bunkers require to be examined. The British Surveyors would state the survey will be completed at the next dry docking late on this year.

Owing to the coal shortage the Owners are taking every opportunity to keep full bunkers & are reluctant to have the bunkers worked up. The case is therefore submitted for the consideration of the Committee.
