23rd September, 1924.

Dear Sirs,

With reference to the survey which became due in May last on the boilers of the steamer "BRAVORE", I have to acquaint you that the Society's Surveyors at Barry have been informed that this inspection will be carried out at a date within about a fortnight's time. In the circumstances I shall be glad if you will give the case the necessary attention.

You will observe that the Special Survey No.2 became due in February last and I may add that the same intended shell plating requires to be dealt with at the earliest opportunity for the owners' convenience.

I am, Dear Sirs,

Yours faithfully,

Assistant to the Secretary.

The Surveyors,

LEITH.
