Hongkong.

Dear Sir,

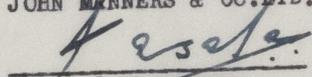

Re s/s "GOULBURN"

We refer to your letter of 13th September 1955 and would point out that on 27th August 1955 our Agents at Sydney wrpte to Lloyd's Surveyor at Melbourne advising him that we had decided to transfer Classification to Bureau Veritas and at time of this notification the vessel was still classed with Lloyds.

Under the circumstances it would be incorrect for you to state on the Register which you publish that Lloyds Class is expunged on account of non-compliance with the Society's Rules and we should thank you to see that this is stated as Class withdrawn at Owners request 27/8/55.

For your guidance the "GOULBURN" now renamed "YARRA BREEZE" is at present in Kobe undergoing Special Survey with Bureau Veritas.

Yours faithfully,
JOHN MANNERS & CO.LTD.
