~~DECLASSIFIED~~
~~SECTION No. 168~~

The Second Special Survey No. 1 became due in July 1924, and as the vessel has been laid up for some time past the Classing Committee have deferred action from time to time, the late Owner having furnished the usual undertaking.

The Swansea Surveyors now state that the vessel is understood to have been purchased by Norwegian Owners, who do not wish to continue the Society's classification, as she is to be entered in the Norske Veritas.

The case received the consideration of the Classing Committee on Tuesday, the 3rd instant, when it was decided to give instructions for the vessel's class to be expunged from the Register Book with a red line (11.25), indicating non-compliance with the Society's Rules, and the new Owners have been informed accordingly.
