Dear Sirs,

"LA PAZ" & "GLORY"

We thank you for your favours dated the 27th instant regarding the General Examination of "La Paz" and the Special Survey of "Glory", contents of them have been duly studied with care.

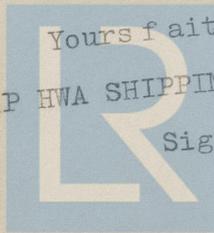

Our Managing Director and Consultant have both left for Japan since the middle of July. They are now investigating the docking facilities there, and expect to come back in the middle of next month. We shall advise you the decision about the two vessels earliest after their return.

Yours faithfully,

CHIP HWA SHIPPING & TRADING CO. LTD.
