S.

Sir,

With reference to your letter of the 21st instant, I now beg to return herewith the Certificates of Classification for the Motor Vessel "LAUREL" forwarded with your letter of the 20th instant.

The Certificates received this morning have been handed over to the Shipbuilders and Engineers.

I also enclose a letter from Mr. Davis reporting the completion of the spare gear.

In connection with this case I think it well to explain that through inadvertence a fee of £25 was charged for the survey of the fitting on board of the machinery of this vessel. The charge should have been £23. 10/- and an amended account was rendered to Messrs. David Rowan & Co., which has been paid.

The necessary entry has been made in the Rough Fee Book here and I shall be obliged if you will kindly/
