# Lloyd's Register of Shipping.

Port of BREMEN

Augsburg, 15th October, 1927.

This is to Certify that

G.H.C. Bahr and P.A. Krützfeldt

the undersigned Surveyors to this Society did at the request of Messrs. Maschinenfabrik Augsburg-Nürnberg A.G. survey during construction in their works at Augsburg two exhaust gas fired Vertical Tube Feed Water Heaters of 91 sq.meters heating surface each. These Feed Water Heaters have been ordered by Messrs. Handelsvertretung der U.d.S.S.R. of Berlin and are intended for the machinery of the M.V. No. 185 being under construction in the Yard of Messrs. Nicolaieff States Shipbuilding Co. "ANDRE MARTI" of Nicolaieff.

The Feed Water Heaters having been tested on the 23rd August 1927 by hydraulic pressure to 12 kgs. per sq.cm. showed no signs of weakness and were found tight and sound in every respect at that pressure. Working pressure not to exceed 6 Kgs. per sq.cm. Mark on Feed Water Heaters:—

Surveyors to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for accuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society.
