This vessel, which has been laid up for some time, became due for Boiler Survey at the end of last month.

In reply to enquiry the Amsterdam Surveyors now forward a letter from the Owners intimating that in view of the bad conditions they can no longer continue the vessel's class.

The Classing Committee had the case before them on Tuesday, the 28th instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

30th November, 1933.
