JUL 14 1937

INTERNATIONAL CONVENTION 1930 RESPECTING  
LOAD LINES.

RENEWAL SURVEY IN ACCORDANCE WITH  
ART. 14 OF THE CONVENTION.

(Port) GOTHENBURG.

(Date) 12th July, 1937.

I have to report that I have surveyed the Steel Screw  
ship "VASA HOLM" of Gothenburg O.N. 7588  
date.

I have compared the arrangements on board the ship with  
given in the original freeboard report and I have found them to be  
in agreement therewith or equivalent thereto, and the whole to be in efficient  
condition.

The Survey has been carried out whilst the vessel was  
afloat.

The notation of ss GfL.No.1 - 34 is assigned.

The freeboard marking has been verified and found to agree  
the freeboards given on certificate No. 1 dated 6th July, 1932.  
is returned herewith.

Please see Secretary's letter dated 28th June, 1937.
