Dear Sir,

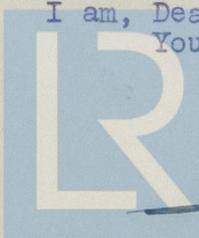

I beg to acknowledge the receipt of your letter of the 31st October regarding the First Entry Reports in arrears in the case of the "IPHIGENIA" and "IRIDINA". As stated in my cablegram of the 25th October these reports are now being despatched. The Hull Report on "IRIDINA" was forwarded this week and the Machinery Reports on both the "IPHIGENIA" and "IRIDINA" will be forwarded next week.

The Machinery Reports on the "Iphigenia" were intended to be forwarded shortly after the Hull Report as stated on Form Ltr 5 sent on the 10th June covering the latter. These reports were at that time sufficiently advanced to justify the statement. Unfortunately in June and July the pressure of work so far as I was personally concerned, increased to such an extent that it was not possible to complete and forward the Reports as intended ("Iridina" and "Butagaz" completion and sea trials, "Butagaz" Commission as observer at La Ciotat, GS 34 Free Piston gas generator at Lyons, Tonnage Measurement of Yacht "Silver Breeze" at Villefranche together with 13 other different cases under survey in June and 14 in July, and an exceptional amount of reports and correspondence). I regret I omitted then to explain the position in writing as required by Circular 2001.

In September and October, after the Office Holiday period, I had to give priority to other reports and matters in arrears requiring my immediate attention with as a result another contretemps. I sincerely regret both the oversight and the contretemps. Please kindly convey to the Chairman of the Classing Committee and to the Classification Department the assurance that I will give my personal attention to the dispatching of all reports in accordance with the requirements laid down by the Committee.

I am, Dear Sir,
Yours faithfully.

The Secretary,
London.
