Dear Sir,

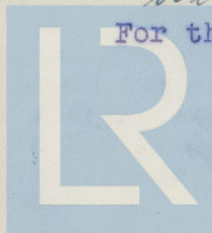

10th June, 1955.

With reference to our letter of today's date concerning our "IPHIGENIA" First Entry Report and corrosions, we note with interest that another tanker "BIBLOS", not to our class, was launched in November 1954, without flame-cleaning or Silver Primacon coatings, occupied the same berth, was then given exactly the same welding treatment, and when handed over in May 1955, after six months afloat, showed no pittings.

We are, Dear Sir,  
Yours faithfully.

The Secretary,  
London.
