-----  
The screw shafts of this vessel became due for survey in December last, but the Secretary to the Liverpool Committee now states that the Owners have intimated that it is not their intention to maintain the classification of the steamer with this Society.

In the circumstances the Classing Committee, who had the case before them on Friday, 17th instant, decided to give instructions for the vessel's character to be withdrawn from the Society's Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
