REPORT

LON. No. 115783

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/32.)

This wood fire float was built in 1944 under the supervision of the Admiralty.

Classification with this Society is desired.

Structural plans of the vessel as built and plans for conversion into a fishing vessel have been examined in this Office and the scantlings and arrangements found suitable for the class A- "For Fishing Purposes" prefixed by a number of years to be decided on receipt of a satisfactory report.

For further particulars see endorsements and correspondence.

LONDON

The HULL Surveyors in a First Entry Report report (10.47) the vessel placed on slipway, the scantlings and arrangements verified, conversion to a Fishing Vessel carried out and a Survey equivalent to that for Vessels Not Built Under Survey held.

The workmanship and materials were found good.

The equipment of anchors and chain cables on board is in accordance with Rule requirements, and has been tested by this Society.

It is submitted the vessel is eligible to be classed 10A1 (Wood) "For Fishing Purposes" with record of docking survey 10.47.

10A1 (Wood) "For Fishing Purposes" from 10.47.
