M.E. 16/33.

Dated 19.8.49. Received 20.8.49. Answered

Vessel's Name: "ABERTAW" "

Dear Sir,

With reference to your letter of the 18th August, the British Transport Commission have ruled that the present classification of Tugs, Dredgers, etc., owned by them is to be dropped.

It is noted that the annual survey on the above dredger will become due on the 13th November next, in view of the above ruling we do not propose to undertake this survey, and I will be arranging for the Load Line Certificate now held by the "Abertawe" to be returned to you for cancellation.

Yours faithfully,

(Signed).
