Dear Sir:

"JOHN P.G."

With regard to the inquiry contained in your letter of the 9th ultimo, the Baltimore Surveyors confirm that the safety valves of the LP steam generator were adjusted to 125 lb/sq.in.

With regard to the pumps intended for essential services, these were not made under survey. However, the Surveyors have requested the Builders for copies of the Manufacturer's certificate which will be forwarded to you when received.

Enclosed is the propeller certificate, C-9233, issued at New York on May 7, 1953, as requested by you.

Yours faithfully,

pro Secretary to the American  
Committee
