Dear Sir:

"MASTER PETER" N.Yk.53551

I am in receipt of your letter of the 23rd ultimo which has crossed mine of the 10th December with which was enclosed Philadelphia Certificate covering the propeller shaft and intermediate shaft. I am now enclosing New York Certificate C-9313 covering the bronze propeller.

The Surveyors state that the steam pipes are of solid drawn steel and were subjected to a test pressure of 1500 lbs. per square inch. They also confirm that the requirements for the use of oil as fuel have been complied with.

Yours faithfully,

Secretary to the American  
Committee
