Dear Sir,

Steamer "MASTER PETER"

With reference to New York Report No.53551, I shall be glad if you will obtain from the Surveyors and forward to this Office Certificates for the propeller (if bronze) and the intermediate shafting.

At the same time you should ascertain and let me know the material of the steam pipes and the test pressure to which they were subjected.

In addition, confirmation is desired that the requirements of the Rules for the use of oil as fuel have been complied with.

Yours faithfully,

Deputy Clerk to the
Classification Committee.

The Secretary,
NEW YORK.
