Enclosure.

10th September, 1921.

Dear Sir,

S. With reference to your letter of the 7th instant enclosing one from Mr. Mares regarding Greenock First Entry Report No. 17876 on the Steamer "ERA", I return herewith the sketch of midship section as approved in your Office, together with that showing the shell plating as fitted, and have to point out that the thickness of "G" strake in way of the bridge is clearly shown thereon as "56".

Perhaps you will be good enough to take the matter up further with Mr. Mares and let me know the result, at the same time returning the enclosed plans.

I am, Dear Sir,

Yours faithfully,

Secretary.

The Secretary,
GLASGOW.
