

"ERA"

The machinery of this vessel was built in 1921 and classed with this Society.

The class was expunged with a black line 7.9.54.

In a letter dated 27.5.55. the Owners, through their Hong Kong Representatives, request Reclassification and IT IS SUBMITTED they be informed that to have the class reinstated as formerly it will be necessary for:-

All requirements of the Rules to be complied with for record LMC MS 4,54 and BS 7,54 except the following:-

Main Engine

HP, MP & LP cylinders & pistons,  
Crank, thrust & intermediate shafts & bearings,  
Main engine attached pumps,  
Main condenser.

Auxiliaries

After ballast pump,  
Both generator engines,  
Auxiliary circulating pump,  
Steam pipes

Boilers

Port, starboard and centre boilers internally and externally with mountings

The screwshaft is due for survey.

Any alterations that may have been made since the machinery was disclassed, which might affect the class, should be submitted for consideration.

The class is subject to piston rings in HP & LP cylinders being renewed.
