QUESTION.

ANSWER.

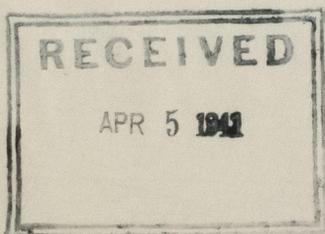

With reference to your report No.11364, I shall be glad to learn what arrangements the Owners propose making for the 2nd Special Survey No.1 to be completed, and for the Screwshaft and Boiler Surveys, which became due at the end of October and January last respectively, to be carried out.

L.P.

Date:— 9th April 1941.

The 2nd Special Survey No.1 was partly carried out in February last and the Owners state that they hope to complete the survey within the year of grace. With regard to the Boiler and Screwshaft Surveys, these were carried out in February last at the time of docking. Please see Kobe Report No.11722.
