Vessel's Name:

s.s. "GOTTFRID"

Reverting to my letter L.50/55 of 19.1.55 and to previous correspondence, I have to report you the following:-

Some days ago one of the Inspectors from the Finnish Board of Navigation 'phoned me and asked about the situation regarding vessel's class extension. It turned out that the vessel had not been delivered to Messrs. Vuoksenniska for breaking up, but that she in fact was still running. She is now sailing with a certificate from the Finnish Board of Navigation.

You will observe that, on account of your letter Classn.(S)/26.11.54, the vessel was inspected 4-6-1.55 according my Report No.4167, whereby the class was extended until 15.2.55.

The Owners have asked if there will arise any difficulties if they now run the vessel with the Finnish Board of Navigation's certificate for about three months and then put her through Special Survey. It is their intention then to have the hull and equipment surveyed. Regarding the machinery again, which becomes due for Special Survey 4.55, they would ask for extension of class.

Thankfully awaiting your instructions regarding the above case,
