ROTTERDAM.

5156 "LA PLATENSE". Classed 100A1 Steam Barge with notations of L&CP and LMC. With regard to my letter of the 21st instant respecting the fees, I have to acquaint you that the portion of the fees due from Messrs Crabtree & Co., Ltd., viz., £6-0-11 has not yet been received at this office.

I enclose herewith the certificates for hull and machinery but I have to add that these should on no account be handed over by you to the Builders until the whole of the fees for the survey of the engines and boilers and expenses have been paid, including the proportion as above due from Messrs. Crabtree & Co.. As you are aware the total amount due including Messrs. Crabtree's portion is £12-11-8 plus the P.T.O.

amount of your travelling expenses.

The certificate for the survey of the machinery would in the ordinary course be sent to the Engineers, but you are at liberty to hand it over to the Builders provided they produce the sanction of the Engineers to your doing so, and this certificate should not be handed over until the consent of the Engineers has been obtained.

In accordance with the request of the Builders and Owners the certificates have been legalised by ^{the Argentine} Consul, and I have to request that you will collect the amount of the charges made in connexion with this formality, viz. ^{3. 5. 6} ~~£2. 15. 0~~

Don't forget to collect the amount of the charges made in connexion with this formality, viz. 3. 5. 6
