No. 57820 in R.B.

Steam Trawler "ELLENA"

---

Owners: - Shire Trawlers Ltd.

---

This vessel was handed back by the Admiralty to her Owners after the war and has been under Special Survey at West Hartlepool for some time. The West Hartlepool Surveyors now telephone to say that the ship has been sold to Mr. Alexander Hay, 34 Westholm Avenue, Aberdeen. Instructions have been issued by the purchasers for the vessel to be towed at once to Aberdeen, and the Surveyors have been unable to obtain any information regarding the continuance of classification. The Surveyors state that the Special Survey was practically complete, but some repairs to decks and shell plating have not been completed. No request for any Certificate to cover the voyage to Aberdeen has been received by the Surveyors.

Submitted enquiries be made in Aberdeen regarding classification.
