

Additional spare gear supplied

- 1 Brass propeller
- 1 Tail shaft
- 1 set of crosshead brasses (four halves)
- 2 sets crank pin brasses (four halves)
- 1 set of main bearing brasses
- 6 exhaust valves seating
- 6 springs for exhaust valves
- 3 air inlet valves
- 6 springs for air inlet valves
- 2 starting air valves
- 2 springs for starting air valves
- 1 spare spring for each size relief valve on the engine
- 2 cylinder covers without valves
- 3 cylinder liners
- 3 pistons
- 1 piston rod with crosshead and guide shoe
- 1 connecting rod
- 4 sets of piston rings
- 2 valve units for supercharge system
- 1 set of rollers, cam and levers
- 2 sets of thrust block pads
- 1 cooling water pump bucket with rod, valves & seats
- 1 bilge pump plunger with gland and bushes
- 1 piston cooling pump plunger with gland, bush and valves
- 1 cylinder lubricator complete
- 1 set of brasses for each bearing of pump lever
- 1 push rod for cam shaft drive
- 1 set of tooth wheels for HP fuel pump
- 1 set of bevel wheels for lubricating oil pump drive

Main air Compressor

- 1 set of crosshead pin and brasses
- 1 set of crank pin brasses.
- 1 set of suction and delivery valves with seatings & springs  
for each stage
- 1 cylinder liner for each stage
- 1 cooler stock for each stage

Pumps

- 1 cooling stock for cooling water cooler
- 1 cooling stock for lubricating oil cooler
- 1 complete spare of working parts for each power pump and  
for Auxiliary compressor steam engine.
