# Lloyd's Register of Shipping.

## INTERNATIONAL CONVENTION 1930 RESPECTING LOAD LINES.

### RENEWAL SURVEY IN ACCORDANCE WITH ART. 14 OF THE CONVENTION.

(Port) of Rotterdam.

(Date) 8th December, 1933.

I have to report that I have surveyed the Dutch steel  
screw ms. "KEDOE", of Rotterdam, O.N.  
on this date.

I have compared the arrangements on board the ship with  
those given in the original freeboard report and I have found them to be  
in agreement therewith or equivalent thereto, and the whole to be in efficient  
condition.

The special survey No.3 has been completed at this time and the  
original freeboard certificates have been transmitted to the Dutch  
authorities for extension by them until the end of the year of grace  
allowed for the next special survey, ultimo December, 1938.

The freeboard marking has been verified and found to agree  
with the freeboards given on certificate issued by the Dutch Authorities.
