

Extract from Tri. Rpt. No. 8984, dated 27.10.30,  
in respect of the s.s. "FUSIJAMA".

----

....."Alterations. At the after bridge end bulkhead  
"two openings have now been made, closed by strong  
portable steel plates with rubber packings and secured by  
"inner cleats and through bolts (Class B).

"The scuppers in way of the bridge space with the  
"temporary closing appliances at after end as above,  
"have been fitted for draining overboard and provided with  
"storm valves as required.

"The vessel has now been remeasured for tonnage and  
"the results are as follows:-

Gross tonnage		6244
U.D.	"	5025
Net	"	3907

which figures are to be inserted in the Register Book."
