27th March, 1914.

Dear Sirs,

M.

I have to acquaint you that it appears from a First Entry Report received from the Society's Surveyors at Rotterdam on the new Steamer "ISLAND QUEEN" that the vessel has proceeded to your port where her engines and boilers are to be fitted on board, and that to complete the survey on the hull, the engine and boiler casings require to be riveted up.

I shall therefore be glad if you will give the case the necessary attention, and on completion of the work furnish a report on Form 8 for the information of the Committee.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
DUNDEE.
