

Steel Barge No.271 proposed to be built by Messrs.Scarr & Son with a view to class 100A1, "Barge for being towed".

The Bower Anchors required by the Rules and those desired by the Owners, Messrs.Hy.Leetham, of York, are as follows, the vessel being a barge for being towed.

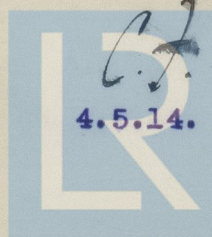

Required by Rules	As proposed
2 Bower Anchors 5 cwt each ex.stock	1 Bower Anchor $6\frac{1}{2}$ cwts.ex stock
	1 Bower Anchor $3\frac{1}{2}$ cwts.ex stock

It is submitted that in view of the collective weight of the bower anchors being the same as that required by the Rules, the Owners proposal merits approval.

TUE MAY.5-1914

Approved.
