This is to Certify that

E. GRIEVES

the undersigned Surveyor to this Society did at the request of the Ministry of Transport, London, and with the consent of the Government of India, Marine Department, survey the Steel Barge "BOODH" during erection at India General Navigation & Railway Co. Ltd's, Works at Calcutta on the 27th February, 1952, and subsequently for completion of survey for Tonnage Measurement.

The above barge has now been erected, launched, and completed fitting out, the tonnage measurements have been checked, found to be correct and in accordance with the photostat copy of the tonnage formula forwarded for guidance.

The draught marks, forward and aft have been checked and found correct.

Suitable cooking appliances have been provided and fitted in the galley.

In my opinion the erection has been satisfactorily completed and the workmanship satisfactory.

The barge was built by Messrs. Clelands (Successors) Ltd., Wallsend-on-Tyne, Yard No.156.
