TERDAM.

16347. As recommended.

ORANJEFONTEIN. Before your RMC Reports Nos. 16374, and 16383 are submitted to the Committee, for a record of Lloyd's RMC RS 8,47, I shall be glad if you will confirm whether the insulation was examined. If not, the certificate issued by you should be withdrawn.

16384. CHRYSSOULA. The contents of your report are noted, but in view of the fact that the Owners have decided to transfer this vessel's class to the British Corporation, the Committee have given instructions for her class to be expunged from the Register Book with a black line indicating reported defects. The Owners are being informed accordingly.
