Dear Sir,

Tank Barge "KESTREL C" - London Report No. 124711.

With reference to the Classing Letter dated the 20th instant, we have to confirm that this barge has been built in accordance with plans approved to comply with the Aire and Calder Navigation Authority and the General Specification for Petroleum Barges.

With regard to the request for Forging Reports for stern frame and rudder, we would point out that the stern frame and rudder were fabricated from rolled sections of ship quality steel as approved.

Yours faithfully,

THE SURVEYORS,

Per: *J. Borley*

The Secretary,  
LONDON.
