13th September, 1940.

Dear Sirs,

S.

I beg to acquaint you that the Society's Surveyor at Hankow states that your steamer "PAOWO" is immobilised in the Yangtse River, and that there are no immediate indications of the resumption of traffic.

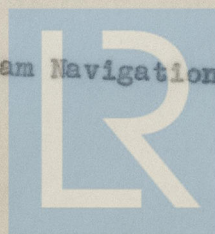

As you are doubtless aware the First Special Survey No. 2, which became due in 11,38, is still incomplete, but in the special circumstances the Committee have agreed to retain the vessel's Class in the Register Book, on the understanding that you will submit her for any outstanding matters of Survey before she is again placed in commission.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.
