Vessel's Name, SS "PAOWO"

QUESTION.

ANSWER.

See Memo 172
X

Date:— August 14th, 1940, Hankow.

With reference to the memorandum addressed to you on the 17th April last, I shall also be glad to learn what arrangements are proposed to be made for the Screw Shaft Survey, which became due at the end of March, to be carried out.

K.S.K.

No change has taken place in the situation at Hankow since my report No. 232 was issued.

The General Managers for the Indo-China S.N. Co., Ltd., request that the survey be put off until there is some prospect of the vessel again being placed in commission. In this connection I would advise that there is still no indication that the river will be open to traffic in the near future.
