In February last the Owners stated that the vessel was held up in Hankow and as there is no drydock at that port, the Owners' request that the Special Survey be postponed until the vessel was able to proceed to Shanghai was agreed to.

The Shanghai Surveyors now write as follows:

"The Owners have made arrangements to commence the surveys. The vessel cannot be drydocked at Hankow, where she is still laid up and cannot be moved"

Submitted action to be deferred.
