9th July, 1925.

Dear Sir,

I duly received your letter of the 4th instant enclosing one from Mr. Dykes respecting the fees to be charged in the case of the Steamer "LA PERLA", the contents of which have been noted.

The full fee for the Diesel Electric Machinery would have been £230, but as these engines have not been installed, a portion of this fee, say 1/5th, should not be charged, leaving a fee of £184 to be charged for services rendered in connexion with the inspection and testing of this machinery.

The full fee for the Steam Propelling Machinery should be charged, and a additional fee, proportionate to the Surveyors' services in connexion with the alterations to the hull, should be rendered.

I am, Dear Sir,

Yours faithfully.

The Secretary,
LIVERPOOL.
