Genoa, 13th October 1948

26

Dear Sir,

Steamers " CITTA' DI BRINDISI " & " GIOVI "

I beg to acknowledge your letter of the 29th ult. regarding the supplying to the Registro Italiano of copies of actual computation of Freeboard for the above Vessels, and have carefully noted the contents.-

With reference to your ultimate paragraph Lg. SOLDA' informs me that the Fee they charge to the Owner is about 2/3 of the Standard Scale adopted by the Board of Trade.

I would therefore suggest that in all future cases we should charge the R.I. a Fee representing $\frac{1}{3}$ of the usual British Computation Fee, and I should like to know if you concur before submitting the Account in the cases of the Vessels in question.-

Yours faithfully

attniffell
