Lloyd's Register of British & Foreign Shipping,

71, Fenchurch Street, E.C.

4th June, 1909.

Sir,

M.

With reference to your freeboard report No.5261 on the Steamer "VINCIA", I have to request that you will be so good as to forward the approved plans for reference in dealing with the case. As it would appear that a bridge house is fitted you should state the length and height of the same and whether there is an efficient bulkhead at the fore end of the bridge without any openings. If the vessel is designed to trim by the stern when loaded the amount of trim should be given.

I am, Sir,

Your obedient Servant,

Secretary.

Mr. J. C. Larg,

PLYMOUTH.
