RECEIVED

Dear Sir,

Nantes Report N°480 - " ISANDA " 28 MAY 1955

Ans'd

With reference to your classing letter of 10th May we have to confirm that the 150 KW Diesel generator engine is fitted with crankcase relief devices.

We have to confirm that main circulating pumps, heaters, evaporators and other items were made under survey, and we are now endeavouring to obtain certificates from the surveyors concerned. As soon as these are received they will be forwarded.

Yours faithfully,

The Secretary,
LONDON.
