

URGENT.

2384.

M.V. "LENA"

IT IS SUBMITTED the Rotterdam Surveyors
be informed that approval of T.V.C.s is also applicable
for a propeller service speed of 206 R.P.M. it being concluded
that the power remains the same

It is desired to know for record purposes
the moment of inertia of the 4200 mm. dia. propeller.
