Chief Engineer Surveyor

Received from Chief Engineer Surveyor

NAME

"LENA"

REPORT

Rot

No. 38940

Remarks of the Chief Engineer Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/02.)

~~DAMAGE & WEAR AND TEAR.~~

Survey

The construction of this vessel under Special Survey was completed in 2,54, but arrangements were made at the time for new fly wheels to be fitted at the forward end of the main generating engines before the end of 3,55. This modification has now been made.

It is submitted the vessel is eligible to remain as classed, with

as recommended.
